CAPS

MAKE A STATEMENT

FUNCTIONS & FEATURES

CAPS FOR PRINTING

Caps marked with this label are ideal for printing and embroidering. The construction of the caps leaves a lot of space so the cap is easy to decorate, with the logo presented to perfection.

UPF 50+

The Ultraviolet Protection Factor indicated on UV-protective clothing shows how much longer somebody wearing these clothes can stay in the sun without suffering any health damage. This is based on the self-protection time of the skin, which varies considerably depending on the individual skin type. The UPF standard is regularly checked by the independent laboratory LABTECH.

RECYCLED POLYESTER

PET bottles are recycled to create a new fashion. Plastic bottles collected in the sea are crushed, melted down and spun to yarn again, which is sometimes completely integrated into the production. Both the yarn production and the adherence to the quality standards are regularly checked by the independent laboratory LABTECH.

COOLMAX®

Through the channels of the breathable COOLMAX®-fibre humidity is evacuated extremely fast to the outer layers of the fabric. Thus the body is kept dry. At the same time a natural temperature control of the body is supported.

TAPED SEAMS

To avoid moisture penetrating into the fabric, seams and stitches can get taped. Taped seams are 100 % waterproof.

ACHIEVETEX®

Textiles coated with Achievetex® are absolutely waterproof, wind-proof and breathable. Sweat is transported to the outside of the fabric and your head keeps dry.

BRAND STATEMENT

Both in textile promotion and in corporate fashion wear JAMES & NICHOLSON and myrtle beach are meanwhile among the best-known and most popular brands. The product diversity of the two product lines is unparalleled and is expanded every year by around 100 fashionable novelties. In the fields of sports, leisure, business and work there is hardly any top or headgear which is not included in the diverse product line.

The storage capacity of the brands is 20 million pieces, 98% of which are always available. Extremely short delivery times and a smooth handling of direct shipment are a great advantage JAMES & NICHOLSON

and myrtle beach offer their customers. Service takes top priority – in day-to-day business the focus is always on the customer. That is why the quality of the product lines is the most important thing of the company philosophy – from inception to completion and beyond.

JAMES & NICHOLSON and myrtle beach are manufactured with social and ecological responsibility. All the textiles are REACH-compliant and manufactured according to Oeko-Tex® Standard 100. Since 1999 social and environmental aspects have been integrated into the company code of conduct. They are submitted to strict controls.

MADE WITH RESPONSIBILITY

amfori  BSCI
Trade with purpose

SOCIAL COMPLIANCE

As members of the 'BSCI/Business Social Compliance Initiative' we commit ourselves to implementing the BSCI code of conduct as part of our business relations with our manufacturers and thus to improving the working conditions within our supply chain and to producing our textiles fairly. This includes our clear commitment to the employees' right to freedom of assembly, protection against discrimination, and an adequate remuneration, that is, at least the statutory national minimum wage. Another central component is the occupational safety regulations. That is how we guarantee that the occupational safety regulations of the ILO (International Labour Organisation) are met. Child labour, forced labour or precarious jobs are not tolerated. Several social compliance departments in the countries of production test all the factories thoroughly and make sure that these conditions are met.

PROTECTION OF THE ENVIRONMENT

All the products of myrtle beach and JAMES & NICHOLSON are produced in an environmentally friendly way.

QUALITY STANDARD

The merchandise is regularly tested by certified testing institutes in the countries of production regarding the given parameter. Moreover, in cooperation with SGS, Testex, Hohenstein and other renowned institutes the quality is continually controlled.

OEKO-TEX®
CONFIDENCE IN TEXTILES
STANDARD 100 
15.0.70467 HOHENSTEIN HTTI

OEKO-TEX® STANDARD 100

This standard guarantees that textile and non-textile product components pose no threat to health.

ADHERENCE TO THE REACH-REGULATIONS

We assure you that when manufacturing our myrtle beach products and JAMES & NICHOLSON textiles we meet the obligations of the REACH-regulations.

 RECYCLED POLYESTER

RECYCLED POLYESTER

PET bottles are recycled to create a new fashion. Plastic bottles are crushed, melted down and spun to yarn, which is sometimes completely integrated into the production. Both the yarn production and the adherence to the quality standards are regularly checked by the independent laboratory LABTECH.

OVERVIEW

KIDS CAPS

Because even the little ones attach great importance to cool caps.

86-89

SANDWICH CAPS

The elegant way of bringing colour into play: Sandwich caps are characterized by a contrasting fabric layer in their peak.

14,15,28,30,32,33,35

PROMO HATS

Charming shade providers in a breezy straw hat look. Hello, summer!

130-143

COTTON CAPS

Plenty of models, shapes and colours, one base: 100% cotton. The caps impress with high-quality details and are partly made of organic cotton.

08-41

MILITARY CAPS

The flattened shape and the lateral metal eyelets make for the special style of these caps. Distinctive and charming.

42-43

All our caps are one size fits all. If different sizes are available, they are noted directly at the product.

SPORTS CAPS

Perfectly fitting caps, which impress with their functionality during sports activities. From breathable to wind- and waterproof.

106-129

MESH & FLAT PEAK

The classic among caps, with trendy details, in the latest fashion. Trucker caps block sunrays and, due to mesh-insets, they provide good ventilation.

44-71

PROMO CAPS

Budget-friendly models for event equipment or as giveaways.

90-105

ELASTIC FIT

Perfectly fitting caps thanks to elasthane. Comfortable and cool in countless variants.

67-71

WORK CAPS

Colleagues you can count on at work: extremely sturdy caps with elaborate details.
