

## EMBROIDERED LOGO

The embroidered logo turns every article of clothing, every cap or bag into a very special and valuable product. Be it for large quantities, short-term actions or unique presents, you can always pinpoint your individual motif.

Large and small designs as well as large surface or detailed motifs and wordings can be reproduced. The high-quality look with its fine three-dimensional surface puts a new complexion on your motif. Multi-purpose, quick sewing and ironing on thanks to a heat-resistant glue at the back – that is how your message is presented to perfection.
